

2019//SUMMER SCHOOL

BENALMÁDENA//MÁLAGA//SPAIN

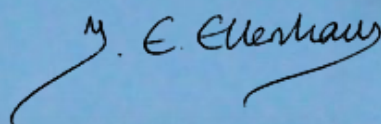

FROM 9TH TO 11TH MAY.

INTERNATIONAL COLLABORATIVE FOR BEST CARE FOR THE DYING PERSON
IN ASSOCIATION WITH CUDECA HOSPICE, SPAIN

Dear Colleagues,

Together, the Collaborative has developed the “International Programme” documentation, which can be implemented in individual regions, states, or countries to support the delivery of first-class physical, psychosocial, social, and spiritual care at the end of life. The Summer School is aimed at members of the International Collaborative and other healthcare professionals who wish to use the International Programme to enhance care provision, and provides an excellent forum for the exchange of knowledge and ideas.

Professor John Ellershaw

Chair of the international Collaborative for Best Care for the Dying Person
